PANGU Petra Engel

Participant ID: DE-2099-0708

Valid until: 08.07.2020

This certificate guarantees that the reported quantity of 15 tons CO₂ has been saved in Gold Standard tested climate projects.

PANGU Petra Engel has acquired shares (certificates) in climate protection projects corresponding to the calculated volume of CO₂ and therefore plays a transparent part in the realisation of the projects. This ensures that the company compensates for its own CO₂ emissions, and thus scales back the rise in global warming.

The projects have been certified, and the issue and closure of the certificates is registered transparently.

PANGU Petra Engel is therefore a voluntary participant in emissions trading, and thus makes a contribution to maintaining a viable environment by reducing the emissions of greenhouse gases. The holder of this certificate makes a sustainable contribution to the commitment to tackle global warming.
